

Lesson 9
READ THIS STORY #2, Advanced

The Hen

Chad has a hunch that there is one egg in the nest of the red hen. He can not ask her to stand up. He will have to snatch it if he can.

This hen is no match for Chad. She will peck at his hand with her bill. She will scratch. She will cluck and fuss.

But Chad has a plan. He will rap on the nest and yell. The hen will jump, then Chad will grab the egg.
