The Infant

Emma bent over the crib. She put a tiny panda next to Sandra. How could anyone abandon this baby?

If they could adopt Sandra, Emma would be a momma in an instant. Could she adjust to the change?

Her husband, Dan, was full of love for this baby and did want to be a father.

Emma asked, “Is this the right thing for us to do?” Dan felt it was. “We must adopt this infant and protect it,” he said.
