## Their New Son

**It is true! Sam and Sue are due to pick up their new son today.**

**The crib had been on layaway until they were sure no one would veto their plan to adopt Andrew.**

**Their old den had been yellow, but now the wall is sky blue.**

**Andrew is a chubby fellow. He's seldom dry and does often cry. That's okay with Sam and Sue. They aren't slow to show that they love tiny new Andrew.**
