The Volunteers

Mrs. Castro is a widow from Jamaica. She had a fall in July and is very frail. It's evident that she'll need some help.

Jay went to explain that some people in his club would like to volunteer and assist her. Ray is handy with a paintbrush. Cathleen will mow the grass. Joan will repair the broken stair. None of them will be paid.

Mrs. Castro said, "With your help, I can remain a resident on this street. Now I have something to cheer about."
