

Lesson 9

READ THIS STORY #1, Basic

Robin's Brother

Robin can detect her brother from the grandstand. It doesn't astonish Robin that her brother has such skill.

In his infancy, he had been an acrobat. When he was a small child, he began to do fantastic tricks. He could do a handstand when he was two.

In a moment, her brother will be skydiving. He will try to land on a spot by the bandstand to win the contest.
