

Lesson 4
READ THIS STORY #2, Basic

Crab

Kim and Scott were digging in the sand. Scott said, “Did you know there’s a crab that can jump out of his shell and run in the sand? If he grows too big or gets pinched by the shell, he just moves into another one, and that will become his new house.”

Kim laughed. “Is that a fact? He wouldn’t be running or jumping in my house. Mom keeps our crab in a can on the shelf.”
