## U.F.O.

**For many years, there has been speculation about unidentified flying objects. People get in big arguments when they discuss this topic.**

**Some have come to the conclusion that there has been an invasion of our air space. Some tell us of being captured and taken into strange spacecraft.**

**Others laugh and say without hesitation that such a tale must be a fabrication or the result of a hallucination.**

**One famous motion picture , E.T., continues to hold a fascination for many of us. How would you feel if you should suddenly be greeted by someone from outer space?**
