Is Luke Crazy?

Luke does all kinds of tricks on a wire. He'll sit on a bike and ride sixty feet above the street. He'll jump with a rope and land on both feet. People gasp and say, "Luke is a crazy dude. He puts his life on the line." They're right.

Luke is an athlete. He devotes a lot of time to training and keeping fit. Luke doesn't assume that the wire is safe. He checks it himself before the show.

Luke does like to amaze people with his skill. He has faith that he will not make a mistake. Is Luke brave or just crazy?
